

Hunting Safari Outfitter • South Africa

A most extraordinary African experience starts right here

We kicked off their adventure with a sight-seeing trip to Botswana:...bountiful game...beautiful scenery and all the peace and quiet of the bush at it's tranquil best!

5 days of sight-seeing followed by 10 days of Hunting...Steve harvested: Kudu, Warthog, Gemsbuck, Blesbuck, Blue Wildebeest and a baboon. Debbi harvested a beautiful Impala ram.

"What to say about the fantastic experience we had? Everyone has asked me since we arrived back, Was it everything that you thought it would be? And I can honestly answer no, it was soooo much more!! We had a wonderful sightseeing trip and adventure with you and Neil. It is something I will never forget. I don't even know where to begin with regards to the hunt.

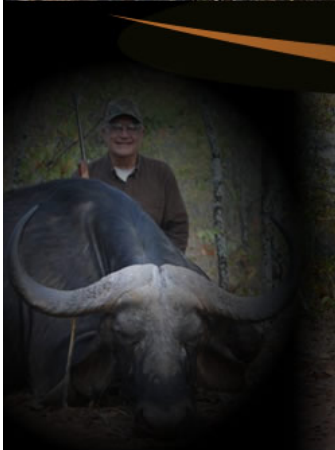

For me, it was absolutely perfect. I enjoyed every aspect of it, from our professional hunters, the cook and bartender, the food, hospitality, accommodations to the amount of game. For me, it was to be the hunt of a lifetime. After hunting my Impala and the outstanding experience I had I want to go again. Thank you so much for everything.

.....1st of June 2008....after 2 years of planning.....

Steve and Debbi Adam arrived in South Africa for their African Adventure with NB Safaris!!

GENE & LAVONNE MCGEE

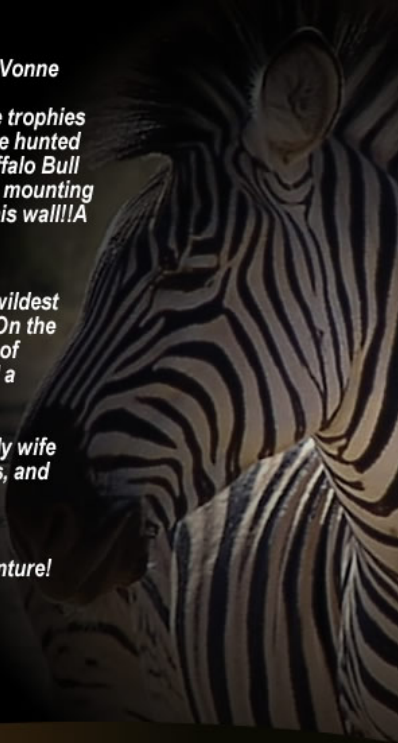

....Over these years....2001, 2003, 2006, 2007 and 2008....
Gene McGee has taken a fair amount of game on his visits with his wife LaVonne

to South Africa with NB Safaris. Great memories, good friends, impressive trophies and the desire to return to South Africa led to his fifth visit in June 2008. He hunted his African dream....His first and only shot was well placed and it put a Buffalo Bull down....and it wasn't going anywhere!!This impressive animal is caped for mounting and an outstanding trophy will later take a place of respect and honor on his wall!!A highly desirable African trophy.

"Neil & Karen make dreams come true. It was my wildest dream that someday I might hunt a Cape Buffalo. On the momentous day of June 23, 2008, following 2 days of tracking these smart and wary animals, I harvested a magnificent monster trophy bull.

Nothing compares with hunting in South Africa! My wife LaVonne and I have hunted with NB Safaris 5 times, and each trip has been better than the last.

Thank you, Neil & Karen, for another exciting adventure!
